

Peggy R. McConnell Arts Center (MAC) celebrates diversity, fosters equity and promotes inclusion. Our goal is to ensure our space, operations, programming and any other activities reflect these values while fulfilling our mission of building pathways to experience the joy and wonder of the arts.

We are committed to promoting and sustaining a diverse, inclusive, equitable and accessible space in which everyone interacting with us — visitors, supporters, artists, staff, board members, volunteers, and vendors — feels valued and respected. Collectively, we seek to model diversity, equity, and inclusion for all arts organizations and our community, and strive to maintain a diverse and inclusive environment with equitable treatment for all.

At the MAC, we believe in the transformative power of the arts to unleash creativity and engage the community. Acts of creation are essential for helping us relate to, empathize with, and better understand the world around us and the people in it. We listen to, learn from, and celebrate diverse voices and perspectives, and strive to create a vibrant and accessible social space that encourages dialogue and the exchange of ideas through arts and culture. Amplification of diverse voices allows the arts to flourish and we take pride in fostering an environment at the MAC that supports such growth.

The MAC will continue to be a place for building empathy, dialogue, listening, and respect in order to best serve our communities. We are making a commitment to diversity, equity and inclusivity in our community through talent showcased, programming, workplace culture, and multidisciplinary arts.
