

Supply List for Spring Term 2025

Megan Jerbic, Clothed & Costumed Figure Drawing

Required Materials:

- The minimum required materials are paper and a pencil. I made the class sample drawings with printer paper on a clipboard, a pink colored pencil, a black prisma color pencil, a white polymer eraser, and a couple of gray alcohol art markers. I use a box cutter as a pencil sharpener.

- If you wanted to follow along with my method and were buying all of those supplies brand new, it would look like this:
 - Ream of paper - 9\$
 - Clipboard - 3\$
 - 2 colored pencils (light color such as pink or light blue) - 4\$
 - 2 colored pencils (dark color such as indigo, umber, black). A soft graphite pencil such as a 4B or 6B will do the job too. - 4\$
 - (optional) 4-5 warm gray alcohol markers in a range of values - 20\$ - while I used this in my demo image, it's not something I use during live sessions.
 - (optional) White polymer Eraser - 1\$

- This class is mostly for time with the model, so whatever you enjoy working with - a sketchbook, newsprint, charcoal, ink, pencils - is just fine.
