

Supply List for Spring Term 2025

Megan Jerbic, Intro to Digital Art Procreate (Adult)

Required Materials:

- An iPad that can run procreate
- Apple Pencil - Please note: there are third party styluses that are not actually apple pencils. These may not be able to utilize Procreate's full suite of features. Please check this for yourself before class.
- Procreate app (12.99 on app store)
- Some references that you would like to draw and some photos you would like to edit/collage. References can be printed or on your device. For photos, please bring digital ones; higher resolution will be easier.

Optional Materials:

- A pencil grip that fits your version of the apple pencil. (est 7-10\$)
- If you already have a keyboard for your ipad, you may wish to bring it. Procreate has keyboard shortcuts. I do not have or use a keyboard myself.
- A "paper-like" screen protector that fits your ipad, such as this one: <https://www.amazon.com/BELLEMOND-Original-Protector-GenerationWIPD11PL10/dp/B08VHRPQZP/> This kind of screen protector will probably not work on top of another screen protector
- A glove that reduces friction on the ipad surface such as this one: <https://www.amazon.com/Parblo-Two-Finger-Graphics-Drawing-Tracing/dp/B018VASU3O/> (est 8\$)
(I will show you these optional materials in class so you can see if they make sense for you.)
